

SHEMA Logistics & Leveraged Communications

Our Values:

- Local Accountability
- Enterprise Expertise
- Long-Term Partnership

Your Local Technology Partner in Alberta

Empowering Alberta businesses with secure, reliable IT solutions.

About SHEMA

SHEMA LLC (Logistics & Leveraged Communications) is an Alberta-based Managed Service Provider helping organizations modernize, secure, and streamline their technology operations.

Founded by Mateja Poposki (M-Eng, PMP, CCNA), SHEMA brings over 25 years of enterprise IT leadership, now focused on supporting Edmonton and Red Deer businesses with dependable, local IT care.

Integrated Security Partnership

Smart Security Solutions — powered by SHEMA and Partners

SHEMA LLC has partnered with licensed Alberta security providers to deliver integrated surveillance and protection solutions that combine technology and on-site reliability. Our joint model ensures your business stays secure. “From data to doors.”

SHEMA provides the infrastructure, connectivity, and cybersecurity expertise, while our licensed partners deliver on-site guard and surveillance services. Together, we create a seamless layer of protection for Alberta businesses.

Why Businesses Choose SHEMA

- ✓ Local Alberta presence — we understand local business needs.
 - ✓ Personalized service — direct access, not call centers.
 - ✓ Enterprise-level expertise — trusted by UN & Canadian enterprises.
 - ✓ Transparent pricing — flexible tiers, no hidden fees.
- Smart surveillance systems (CCTV, NVR, and access control)
 - Secure remote monitoring and storage on Canadian servers
 - Guard response coordination and facility patrols
 - Integrated network security and video analytics by SHEMA

Service Tiers Overview

Essential Care | Small offices | Remote support, antivirus, monitoring.
Business Pro | Growing teams | Includes backups, security, Office 365
Enterprise Secure | Multi-site orgs | All services + DR, vendor management.
All plans include Alberta-based support and no long-term contracts.
